Take Your Summer to the Next Level!

Gain Valuable Business Experience this Summer – Close to Home!

Minneapolis' Holmes Murphy is offering a unique experience for local high school students this summer! Join us in a 5-day business immersion program where you'll gain insight into a career in business!

What?

You'll experience the following:

Learn about career paths and see what might interest you!

Begin making career contacts and immerse yourself in a best-in-class employee experience.

Get an inside look at a local, privately held business and the opportunities they provide.

Let's Talk Money

To cover any expenses, you will be paid a stipend of \$100 each day for 5 days for a total of \$500!

You'll be paid
\$500

Let's hear what our DiscoverYou participants had to say...

It's an amazing opportunity. I learned a lot of new things, met a lot of new people, and it's just the best thing out there.

My favorite part was the marketing presentation. We got to see hands-on what it was like to do the things in marketing. We got to build our slogan and our logo.

My favorite thing is getting to see all the different parts of a business and how so many people come together to make one big thing run.

I think the career experience days were really fun. We got to be integrated with the people that actually work here.

My favorite part about Holmes Murphy is the community. The environment is really nice. Everyone made me feel really welcome.

My favorite part about being at Holmes Murphy is the inclusiveness. It felt like home.

Being able to explore different career options and meeting new people.

There were so many things I loved about Holmes Murphy. The people. The energy. You learn a lot of valuable things that will really help you and set you up for success in the future.
