GROWTH & DEVELOPMENT

# Let's hear what our DiscoverYou participants had to say...

It's been really amazing! I learned a lot about insurance; I didn't realize how much went into it and how many job opportunities there are.

I loved all the engaging activities and how it made us feel like we're actually a part of the company.

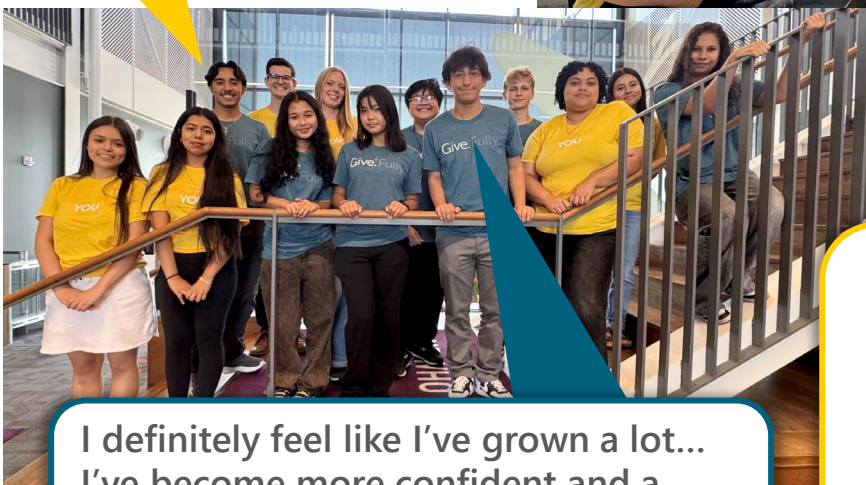

They did amazingly well at getting everybody out of their comfort zone, which made this a great experience.

I didn't know about all the careers I could have... it opened my eyes and made me think maybe I want to do this.

The whole environment was really welcoming and positive!

My favorite part about being at Holmes Murphy is the inclusiveness. It felt like home.

I definitely feel like I've grown a lot... I've become more confident and a better listener and communicator. All of these skills came from DiscoverYou.
